

Motorcycle lift Monster 500

The next generation motorcycle lift with an amazing lifting height that surpasses all others. With a maximum height of 1.400 mm, when flush fitted underground it still gives a class leading height of 1.200 mm. giving the modern workshop more flexibility. The unique scissor design allows the drop down section to be easily operated for the removal of even the largest rear wheels. A drop down front extension (optional) when requested, allows the top deck to reach a maximum length of 2.600 mm. All moving operations of the lift benefit from 8 high quality ball bearings with the main central shaft works on self lubricating bushings.

Technical data

Maximum lifting capacity	kg. 500
Length/Width	mm. 2250 x 800
Width with side wings	mm. 2250 x 1350
Minimum height	mm. 180
Maximum height	mm. 1400
Mechanical safety lock	1
Hydraulic safety lock	2 hydraulic valves
Weight	kg. 230
Packaging dimension	mm. 2300 x 850 x 200

1400 mm

Cod. 21000039
Side tools holders.

Folding rear drawer (detail).

Available pumps for motorcycle lift **Monster 500**

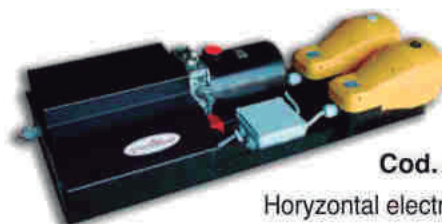

Monster500 + Hydro-pneumatic pump = **Code 31570000**

Monster500 + Horizontal electro-hydraulic pump = **Code 31580000**

Monster500 + Vertical electro-hydraulic pump = **Code 31590000**

Cod. 33000020
Hydro pneumatic pump.

Cod. 33000030
Horizontal electro-hydraulic pump.

Cod. 33000050
Vertical electro-hydraulic pump.
